

# TDIndustries

LIFE CYCLE SOLUTIONS FOR YOUR INDUSTRIAL SYSTEMS

## WHO WE ARE

With 69 years of experience, TDIndustries offers full service design, construction and operation of your systems. With more than 1,900 employees, TD brings a team of seasoned professionals to complete your projects regardless of size, complexity or location - on time and on budget.

## WHAT WE DO

TDIndustries provides construction, operations, and maintenance services for facilities ranging from mission critical data centers to industrial plants and anything in between.

## HOW WE DO IT

TDIndustries understands the importance of collaboration. We engage early and continually with all stakeholders to ensure a true understanding of expectations and to provide fresh value-added solutions.
